The Residences:

You enter your new home in awe – loft-like living spaces with high ceilings and oversized windows keep you inspired, solid white oak floors keep you grounded, and the lightening fast Verizon FiOS fiber optic high-speed internet keeps you in touch with the outside world. That is, if you ever need to go outside again.

The Kitchen:

Functional, sharp and stylish, your wide-open kitchen comes fully equipped to feed you, your loved ones, an army, or maybe even your soul. From white quartz countertops to matching flat panel cabinets and high-grade custom-finished appliances, get cookin' and stir up some fun.

Amenities:

Sky Lounge

Sometimes you need a space outside your own – a place to warm by the fire, gather with neighbors, catch a game with like-minded fans or throw a cocktail party for family and friends. After all, lounging around is much more fun with good company around.

Sky Terrace

Take a look. From monolithic skyscrapers to breathtaking views, there's plenty of room to soak up the sun and relax under the stars. And when you're ready to dial it up, fire up steaks on the grill or warm up with friends around the outdoor fireplace. Entertainment comes in several forms when you live here.

Media/Fitness Center

With state-of-the-art equipment and rejuvenating décor, your fitness center has it all worked out. And with the laundry lounge right next door, you can break a sweat while your clothes clean up their act. It's hard to make excuses about getting to the gym when the gym has come to you.
